

## **Forests Voice**

We were so plentiful  
enjoying what came our way  
We were a fantastic team  
that had lots of spirit

We started to lose our merit  
as humans were taking our credit  
But we'll keep on fighting  
because they will not break our spirit

We are now doing a lot of grinding  
but all our efforts are not binding  
Unfortunately, bad news is coming  
we're losing to the human ferret
