

## **Cats R Free Dogs R Not**

To do their thing cats are free  
To want to in sight dogs just glee

In their territory cats can roam  
In their domain dogs just moan

In the night cats pursue prey  
In the light dogs just way

Just like wrestling cats love to rumble  
Just like pie dogs are made humble

As they roam cats are wild  
In their yard dogs are mild

In freedom cats will wander  
In despair dogs just ponder

To serve our god cats have slaves  
To no whose boss dogs have masters

Cats R free dogs' R not
