

## **Do We Worry**

For those who do all the work  
do worry they will tax you

For those who yearly work  
don't worry you might get some tax back

For those who live in a house  
do worry it will cost you

For those who can't work  
don't worry you'll get a hand out

For those who play their cards wright  
do worry it will cost you

For those who are in jail  
don't worry they will feed you
